

Ville de Percé

Dear Citizens,

We are currently in an important phase of the COVID-19 pandemic; we all hope that we reach the plateau quickly, see a reduction in the numbers, and get back to life as usual.

As mentioned by the authorities, now is not the time to let down our guard. We have to remain vigilant and respect physical distancing guidelines, which brings us to the subject of gatherings. We must, at all costs, avoid indoor and outdoor gatherings, be it on the beach or any other location. At the present, this is our best weapon against the disease, and it will help save lives!

At a time when the economy is slowing down, we are asking for your collaboration and favour locally produced goods. This will be our way, as Gaspesians, to stand together to support our local businesses and merchants. This gesture is even more important given the present context.

The situation is constantly evolving, and we adapt to these changes, day by day. Our administrative staff and public works employees are doing everything in their power to provide a maximum of services to you, our citizens. Despite the fact that the municipal offices are closed, our employees remain available to provide the same services as before. Be it by phone or by email, please do not hesitate to contact them.

We would like to offer our sincere thanks, as well as acknowledge the courage of all those who work, day in, day out to ensure the health and safety of the community. Whatever your field of activity, know that we are aware that you are putting your safety at risk to protect the lives of others. Your generosity, bravery, selflessness and dedication deserve our respect and gratitude.

Thank you for your solidarity!
